Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and may finally cure it." Strictly scientific cure for bronchitis and La Grippe. At G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, drug stores, price 50c and \$1; guaranteed. Trial bottle free.

See a pin and pick it up all the day have good luck; see a pin and let it lay bad luck you will have all day. Read our ads and pass them by, sign you've got a hoodoo eye. Read our ads and lend an ear, good luck you'll have all the year.—Somerset Journal.

A Des Moines banker misappropriated \$5,000 to pay the expenses of his dying son. A Milwaukee banker gobbled \$1,500,000 to speculate. The demands of speculation are more insatiate than those of death.—Louisville Times.

Tellit—Does your wife speak more than one language?

Naggit—No; but say, she knows that one like a book.

KIDD'S STORE.

Mrs. John B. Riffe is recovering from a severe and protracted case of erysipelas, which affliction has been epidemic this spring.

The slopes on every side are dotted with tobacco beds and the acreage of that crop will be the greatest ever grown here.

Whilst weeds are rapidly getting ascendency on gardens and cornfields, the meadows and oats crops are luxuriating beyond average.

Four patients have been consigned by Casey county to Lakeland asylum within a month. Religious frenzy was the predominant cause assigned by our informant.

But little fruit survived April freezes in this locality, yet an occasional tree promises a good crop. The strawberry plants were not quite exterminated and a limited supply will be enjoyed by a few families.

Three successive nights dogs raided sheep flocks of adjoining farms, killing a dozen ewes and lambs. Crit and John Riffe took the trail, promptly condemned and shot three suspects, subsequent immunity confirming their efficiency as detectives and executioners.

Levi Kelly, our town's most efficient and accommodating blacksmith, has determined to remove to a more congenial locality, much to the regret of many patrons who appreciate a liberal and conscientious workman. He is a heartily commended where not known and the community he selects is congratulated.

Simon Wesley, Casey's accomplished and accommodating county clerk, passed through here on his way to Louisville. Simon has determined to emigrate to New Mexico at the expiration of his term for the benefit of ranch life and mountain air as the best prescription for the enervation of eight years' office confinement.

Some-beneficiaries (?) of our star route delivery of mail are annoyed by occasionally finding boxes off posts in ditches and by an occasional drive of a mile or so to obtain matter which finds its way into another's box. Something of indifference, if not resentment, appears a prompting in some quarter, which Uncle Sam was asked to investigate. Mail has been found on the pike, lost by the carrier or carelessly dropped.

The late rumor of a mad-dog in the community appears better founded than ordinarily, as Mr. Smith Powell's horse, Mayor Mason Popplewell's cow and Capt. Levi Turpin's dog have successively died of hydrophobia. Experts diagnosed the malady and the refusal of scavengers to consume carcasses is pronounced confirmatory of the disease.

The April-like thunder storms and almost daily showers have suspended corn planting and but very few farmers have finished. An extremely heavy downpour washed the plowed fields badly and many would be better off furrowing out and replanting.

Bobbitt Says Grace.

MT. VERNON, MAY 24.—The 20th of May, 1905, was the day that the brilliant law student of Fontaine Fox Bobbitt, P. F. Kennedy, attained his majority. A bountiful repast was spread at the Kennedy home. The chicken pie was smoking in the center of the table like a volcano in a state of eruption. The seats at the table were all occupied by hungry, eager guests, of which Kennedy's law preceptor was one, and being called upon for grace said: "Lord we thank Thee for the bountiful spread before us on the natal day of the youngest member of the family, and that the good old father and mother have lived to see this anniversary. May the young man so demean himself as to cheer and brighten life's declining sun, and may every moral and social virtue adorn our lives while sojourning here below and at last may we all find a secure anchorage on the Celestial shore, is the prayer of him who has the honor to be a guest of this happy family."

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Lyne Bros., Crab Orchard, Ky.

Sam Jett and Mose Feltner have filed sensational affidavits with Judge Riddell, of the Breathitt Circuit Court, asking for military protection when they go to Jackson to answer to the call of the indictments against them. Both men state that they will be killed unless furnished a guard, and both have filed petitions for change of venue.

PREACHERSVILLE.

Lightning struck a tree near D. F. Thompson's barn and did not injure a flock of turkeys which were roosting in it. This is another proof that feathers are non-conductors.

The home of Uncle George Anderson, our colored mail carrier, burned Tuesday. Most of the household effects were destroyed and the loss will fall heavily on this worthy darky and his wife, both of whom are getting along in years.

TERRIFIC FACE WITH DEATH.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and to-day I am cured of all my troubles."

Guaranteed at G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, drug stores; price 50c.

A certain office-boy was wont to appear at his employer's office with a very dirty face. One morning he appeared with the remains of a breakfast round his mouth. The junior clerk, with an eye to business, said:

"I bet you sixpence I can tell you what you had for breakfast this morning."

"Done!" said the office boy.

"It was eggs," triumphantly replied the clerk.

"Wrong," said the boy; "wot you see on my mouth is yesterday's."

THE Mt. Vernon Signal is prospering, we are glad to state. Editor Albright has just bought a splendid home for his paper and is moving into it, he has recently added a lot of the most modern machinery, while the columns of his paper teem with good paying advertisements and his subscription list is daily growing larger. He is deserving of all the good things that are coming his way and here's hoping they may continue to come and come even faster than they now do.

IMPRISONMENT changed the religious views of one Rev. Hinshaw, of Indiana. Hinshaw was a shouting Methodist preacher but in a fit of anger killed his wife. He was given a life sentence and was pardoned after a short stay in the penitentiary. He has now joined the Quakers and is expounding the gospel according to that faith. In the meantime the wife Hinshaw promised to protect, fills an untimely grave unwept, unhonored and unsung.

HON. WILLIAM J. BRYAN announces that he will start shortly for an extended tour of the world to study municipal ownership and railroad problems. As no man is more competent for the tasks, and none in whom the people have greater confidence, the result of his researches will be awaited with interest. The growth of the desire for the government ownership of public utilities makes the question an absorbing one.

THE Danville News' magazine edition is a peach. Besides pictures and write-ups of most every business house in Danville, the homes of many prominent citizens are given, as well as every public and historic building in Boyle county. The edition is a most creditable one and we most heartily congratulate Brers, Embry and Richardson on their splendid effort.

THE Goldfield, Nev., Bank and Trust Co., with liabilities of upward of \$100,000, has failed. Sixteen dollars was found in the vault and a five-dollar gold piece on the floor. The dispatch did not say where the bank officers are nor why they didn't take along the rest of the cash with them.

THE Graduating Exercises Tuesday evening at the Christian church were enjoyed by an immense crowd. The graduates acquitted themselves with honor, and every oration and reading showed intelligence and strength of character. The church was beautifully decorated for the occasion, the rostrum being embanked with large palms, ferns and cut flowers, and the pipe organ fastened with ropes of Southern smilax, studded with white blossoms. The remarks of Hon. E. V. Puryear, of Danville, in presenting the diplomas to the graduates were most appropriate and well chosen, his words to the young people being full of wisdom and advice. The music by Miss Lena Phillips, of Nicholasville, and Mrs. Juliet Gill Rogers was excellent. Miss Phillips is a graduate of one of the largest of Eastern Colleges—The Woman's College of Baltimore. Mrs. Rogers sang with unusual sweetness. Her voice was in perfect condition, every note being reached with clearness and ease.

WE HAVE LEARNED

We are Learning Every Day

WE HAVE LEARNED

That there is no better Corset made for the money than the American Lady and we are keeping a good supply on hand at all times. Our lady customers are learning the same as there are more ladies in and around Stanford wearing American Lady Corsets than any other make.

Our constant desire to make this establishment the leading store in Stanford and Lincoln county has borne good fruit in the past and promises larger results in the future. You—the public—our teachers; it is from you that we must ascertain whether we are on the right track or not.

We look for your approval or censure. Our aim is not only to sell goods lower than competitors, but give better service in every way.

To make cut prices when the goods are most needed, consequently we offer some odds and ends in Women's Slippers at the low price of 98c. They usually sell at \$1.25 to \$1.50 and are a real good bargain for you if you only need them for every day wear. Look at them. Just the thing for home comfort.

THE art display at the Graded School reflects great credit on both the pupils who did the work and the teacher, Miss Charlotte Warren, who is not only an artist of a high order, but one who has the ability to impart her knowledge of painting and drawing to those under her. George Pendleton and Miss Allie Lunsford were married at the home of the bride's sister, Mrs. Henry D. Hollerman, at 9 P. M. Wednesday, Rev. O. M. Huey performing the ceremony. The two had long been sweethearts and the marriage was not a surprise, although no announcement of it had been made public. A number of friends were present to witness the happy event and shower good wishes on the participants. The bride was handsomely attired and her natural beauty showed to its best advantage. She is a splendid young woman and the gentleman who has won her has reason to congratulate himself. Mr. Pendleton is a clever, hard working young man and is deserving of the good helpmate he has secured.
